**ZiNCOTECH**<sup>®</sup>  
ZINC FLAKE COATING TECHNOLOGIES

**INOVATIVE,  
WORLD  
CLASS  
PRODUCER  
OF  
ZINCFLAKE  
AND  
SEALER  
COATINGS**

**MEANS  
HIGH QUALITY**

Background of ZincoTech® is coming from its powerfull rooths for corrosion protecting coat-ings.

ZincoTech® has starts production of zinc flakes at 2019 and developing new ranges of base coats standart high curing temperature (180-240C) and low curing temperature (80-120C) products. Also develops constant friction and high corrosion resistant top coats.

ZincoTech® develops water based sealers for Zinc flake coating, Electroplating and hot dip galvaniz-ing.

ZincoTech® is world class producer of corrosion protective coatings and services. We are also solution partner for Automotive industry, power plants, wind power, construction, ship yards etc.
