

ZINC FLAKE COATING TECHNOLOGIES

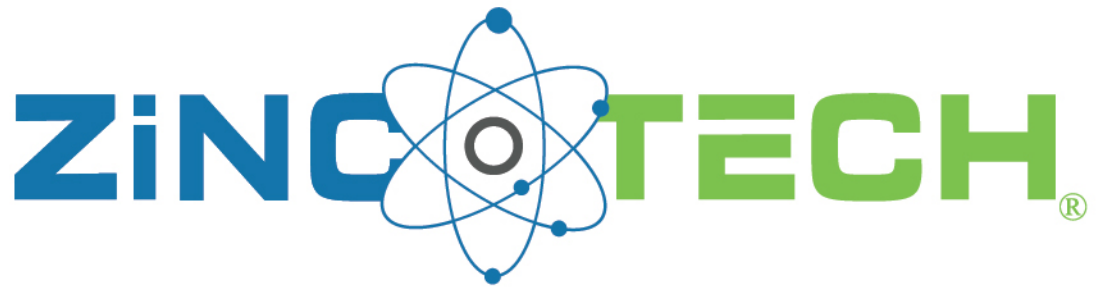

TOP COAT

ZincoSeal®面漆

ZincoSeal®面漆系列通过以合适的比例配制优质和创新的原材料，以满足我们的客户的高期望。

ZincoSeal®系列产品在鋅鋁底涂，电镀，钝化铝和不锈钢部件具有优异的附着力，耐化学性，延展性，高耐腐蚀性和可调节的摩擦係數。

ZincoSeal®面漆用于各种行业，如汽车，风力发电，铁路，弹簧，屋顶螺丝，具有非常高的防腐性能，符合VDA，湿度测试，循环测试，酸雨测试，盐雾测试。

ZINC FLAKE COATING TECHNOLOGIES

TOP COAT

ZincoSeal® Top Coats

ZincoSeal® Topcoat series have targeted our customers with high expectations by formulating excellent and innovative raw materials with the right proportions.

Products of the ZincoSeal® series stand out from excellent adhesion, chemical resistant, flexibility, high corrosion resistance and adjustable friction on top of Zincflake Base Coats, Electroplated, Passivated Aluminium and Stainless Steel parts.

ZincoSeal® Top Coats are used in all kind of industries like Automotive, Wind Powers, Railway, Springs, Roof Screws having very high corrosion protection according to VDA, Humidity Test, Cyclic Test, Kesternich Test, Salt Spray Test.
